**Praising God for you!**

**Testimony from Pastor Edmund, Ghana, West Africa**

The Ministry influence in affecting lives in our various countries and locations is growing from grace to grace by the power of the Holy Spirit. **We give God all the Glory!**

Our daily soul winning campaign is unabated. Many people are responding to the gospel and our unique presentation is making them have an understanding of how to have eternal life. Our records show a lot of people who are in church and even occupying leadership positions and playing various roles in church activities but had not really accepted Jesus as their Lord and Savior. But after sharing the gospel they willingly pray to accept Jesus for the 1st time.

Many other people who were under various kinds of pressures and troubles, family, marital, social, financial, health, etc received counseling. And people who were fed up with life and were contemplating suicide received new hope of life in Christ Jesus and gave up the idea of committing suicide. **Hallelujah !**

The free giving out of the bibles is an added incentive to help them grow and be established in Jesus and the people really appreciate that.

The use of the blood pressure machines for free also has saved many from untimely deaths. We realized that the vast majority of the people we test had issues with their blood pressure but were unaware. So after praying with them and advising them to seek immediate medical attention has saved many lives also. **Glory be to God !**

Our Missionaries in the hospitals in Ghana and Nigeria specifically have virtually been considered as part of the hospital staff. When the doctors are faced with situations above their medical expertise concerning their patients, they call upon our Missionaries for counseling and prayer and many lives have been saved and helped. Our Missionaries are held in high esteem by the health workers because our interventions by the grace of God compliment the work in the hospitals in attending to Patients immensely.

Anytime we get the opportunity to share our operations and experience with other believers and Pastors alike, they are amazed at what the Lord is doing through us and that we are doing the real work of God. They retort that even big churches and Christian organizations don't produce the result we get on a constant daily basis.
